01/06/2014 to 04/06/2014

Work Done: Nothing

Plan for Next Day: Will communicate with other OOAD SE project groups directly in college campus to overview whatever has been done during the summer vacations by each one of us. Common problems and bugs to be sorted out.

05/06/2014

Work Done: Communicated with others in OOAD SE project groups and had an overview on each other's work.

Plan for Next Day: Meeting with Mentor and TAs.

06/06/2014

Work Done: Met Mentor and TAs. Talked over issues that we had faced during the development. Some were addressed but session management has been still a problem. Some modification were introduced to the objectives of our project.

Plan for the Next Day: Run through a sample project on pure RESTful web service made by our TA.

07/06/2014 to 08/06/2014

Work Done: Ran through a sample project (My Contacts) made by our TA and analyzed it.

Plan for the Next Day: Discuss the new objectives that were made up by the combined efforts of our Mentor and TAs.

Conclusion:

All the issues were sorted out regarding the objectives and aspects of our project. New objectives are still left to be discussed about in details in the subsequent week.
